About us

We are providing a walk thru photo tour of our facilities over 150 sewing machineries with equality fabric cutting, steam press vacuum tables, garment checking, finishing and packing machinery are in place. An in house printing unit with 2 Embroidery machines with sequencing is in force. a modern dyeing house with 40% share holding is in operation to meet entire production.

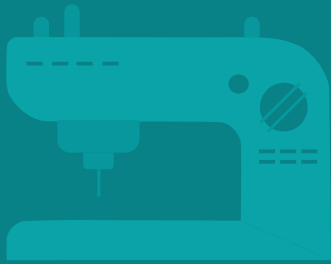

Our Services

Our organization stands on the pillars of innovation and quality. Our vision is to serve our customers with dedication and offer specialized services with quality assurance.

We are a quality-driven organization and contend to render quality service and products to our clients. Our team of experts maintain a strict vigil in the manufacturing process to ensure that all the products are flawless.

Infrastructure

CUTTING UNIT

Garments are finely cut with modern machinery for appropriate precision. Each fabric is accurately measured to ensure perfect fit. The cut fabrics are then sewed skillfully to create suitable garments.

STITCHING UNIT

To create contemporary style garments, our garmenting division is equipped with latest machinery and other ancillary equipments. This division is scientifically laid out with ample lighting, space and the necessary amenities for the convenience of the workforce. This division yields a production of 1,50,000 pieces per month.

CHECKING SECTION

All the garments are checked for stain free and passed by our Quality control department before sending for Ironing.

Ironing

In Ironing and Packing department we carry out strict inspection to assure quality & neat presentation.
